

None of Our Business: Comprehensive Approach to the Impact of Domestic Violence on the Workplace.

“None of Our Business” is a DVD/video and training guide that is designed to help employees learn about domestic violence, learn how to respond appropriately within the workplace, and learn to identify workplace and community resources to support and protect those involved in domestic violence.

“None of Our Business” informs us that it is *our* business to understand and take appropriate action to help employees in domestic violence situations so that conditions do not reach a crisis point.
